

ZEE HYGINE PRODUCTS PVT. LTD.

India's Trusted Partner in Cosmetics & Ayurvedic Manufacturing
for 30 + Years!

Multiple Categories Under One Roof | GMP, ISO & HALAL Certified | 450 + SKUs

“Your Brand, Our Quality,
Endless Possibilities”

ABOUT US:

Established in 1994, Zee Hygiene Products Pvt. Ltd. is one of India's most experienced third-party manufacturers in the cosmetics, personal care, and ayurvedic industry. With over **30 years of legacy**, we specialize in developing and manufacturing customized solutions across a wide range of categories including **Skin Care, Hair Care, Baby Care, Oral Care, Home Care and Herbal Care.**

Located in Dahegam, Gandhinagar (Gujarat), our production facility spans over **35,000 sq. ft.**, purpose-built to meet **GMP compliance and certified under ISO 9001:2015, ISO 22716 (Cosmetic GMP), and HALAL standards.** We support businesses of all sizes — from startup brands to established global players — by offering end-to-end services from R&D and formulation to bulk manufacturing, filling, and packaging.

Our strength lies in our ability to combine custom formulation flexibility with large-scale output. With advanced mixing, filling, and packaging equipment, we can produce:

- ★ Over 6,000 kg of oils and creams daily
- ★ Up to 1 Lakh bottles/pouches per day
- ★ A wide variety of SKUs across tubes, bottles, jars, and sachets.

OUR VISION:

“To position ourselves as a globally recognized leader in personal hygiene and cosmetic manufacturing.”

OUR MISSION:

“To deliver high-quality, customized cosmetic and ayurvedic products through advanced manufacturing, innovative R&D, and reliable private label solutions that drive lasting partnerships.”

Infrastructure & Manufacturing Capabilities

Our facility is equipped to deliver both flexibility and scale — whether you're developing niche formulations or producing large volumes. We operate fully automated/Semi Automated lines and specialized equipment tailored to different product categories.

Our current manufacturing capacity includes:

Equipment	Capacity / Speed	Daily Output	Application
Contra Rotary Mixer & Gel Kettle	750 kg	4,000 kg	Toothpaste
Indo German Mixers (x2)	250 kg each	3,000 kg	Cosmetic Products
Oil Manufacturing Mixers (x2)	400–500 kg each	6,000 kg	Hair & Body Oils
Petroleum Jelly Vessels (x3)	400–500 kg each	6,000 kg	Petroleum Jelly
Volumetric Filling Machines (x5) (Total	20–60 BPM	25,000–1,00,000 pcs	Bottles, jars, tubes (30–1000 ml)
Tube Filling Machines (x3) (Total 4 nozzles)	30–120 TPM	Up to 79,200 pcs	Tubes (20–200 gm)
Powder Blender + Filling Machine	100 kg / 20 BPM	Up to 2,400 kg / 20,000 pcs	Powdered products
Labelling Machines (x2)	130 BPM	Up to 150,000 pcs	All formats (label size dependent)
Cream & Pouch Filling Machines (x2)	20–96 Pouch/min	Up to 1.25 lakh pouches	Sachets, pouches (5–70 ml/gm)

In-House R&D & Quality Control Lab

Our dedicated R&D and Quality Control teams ensure that every formulation meets client specifications, product claims, and regulatory standards. From early-stage prototypes to final product validation, we maintain rigorous testing protocols and full traceability.

Our in-house lab is equipped with:

- Stability Chambers, Brookfield Viscometer, UV Spectrophotometer, Magnetic Stirrer with Hot Plate, High-Speed Homogenizers, Vortex Mixers, Digital pH Meters, and Analytical Balances for accurate formulation development and consistency testing.
- SOP-based systems for control sample handling, batch validation, and shelf-life monitoring.
- Access to third-party microbiological, dermatological, and heavy metal testing as per product nature and client requirements.

Our Licenses & Certificates

Why Partner With Us

✓ 30+ Years of Experience

A legacy of reliability, innovation, and long-term client relationships.

🔧 All Services Under One Roof

From formulation and packaging to compliance and delivery — no middlemen.

🎯 Fully Customizable Products

Tailored formulations, fragrances, and packaging to suit your brand's identity.
